## MANUFACTURING PROGRESS

Carbon in the steel controls its strength, hardness, also ductility, responds well to heat treatment. By using high carbon content steel, we provide the quality hooks.

Kumho Fishing Tackle co. produces and delivers only the best products.

### PROCESS

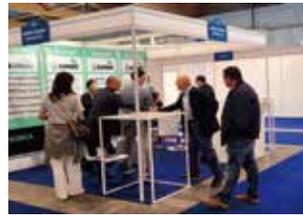

# As a leading manufacturer in the fishing industry, we will do our best!

Kumho Fishing Tackle Co, which is one step ahead in the fishing industry, participates in various fishing competitions held not only in Korea but also overseas, and serves as a host or sponsor.

Beyond the development of the headquarters, we are working hard to promote Kumho's production of high-quality products that are comparable to those of foreign manufacturers in order to enhance our national prestige.

The Kumho is the people's most trusted fishing tackle company. Kindly note it!
